Friend Wood:-

Well I arrived safely home with my fungi collection and it will come out of it while and a little fat my trouble but it was close figuring and your friend surely got a good price for his collection.

I am looking forward to seeing the Prof Pats or anything else that he may have to get rid of at top prices.

I have not yet received the Journals.

Did you send them?

As Merry Christmas and Happy New Year to you.

Yours

F H Shumway

Dear Shumway:

I am returning to you your cheque which came back to us. You probably know the reason for this better than we do. At any rate, won't you try again?

Very truly yours,

Curator
